PRINTING METHODS

For combination jobs check all that apply.

Digital (flat) - Our most economical printing method. Good for full color designs and rush turnarounds.

Offset (flat) - True Lithography with metal printing plates. Ideal for large solid ink coverage and vibrant colors.

Letterpress - Traditional and artisanal printing technique. Features beautiful impression in the print.

Foil Stamping - Metallic foil using copper stamping dies. Distint, subtle impression graces the print.

Diecut - Complement any of our printing methods by creating unique card shapes, folders or custom enclosures

Not sure - Let's talk about our options.

PERSONAL / BACKGROUND

Your background (nationality, place of birth, family history, anything relevant):

Fiance's background:

Tell us how you met, and about the proposal:

How would you describe your style? Your fiance's? And yours as a couple?

Your favorite places to shop (for clothes, house goods, etc):

Fiance's favorite places to shop:

Tell us a bit about you as a couple. What do you love to do together: favorite destinations, hobbies, passions?

What else should I know about you and your relationship?

EVENT INSPIRATION

What's the overall tone (formal, informal, casual...?) and style (rustic, glamorous, industrial, etc.) of your wedding?

Tell us how you envision your day...

What details/elements are most important to you?

What kind of expectations do you want your guests to have when they receive your invitations?

Anything else about your overall inspiration?

Must-haves in your stationery design?

What would you NOT want to see in your design?

INSPIRATION IMAGES & LINKS

Links (Pinterest board, real weddings that you like, etc):

Attach any images you'd like us to see to your email -sources/links would be great, too, if you have them! It helps us to know what sources you turn to find inspiration.

ANYTHING ELSE WE SHOULD KNOW?

There is nothing too weird, 'uninteresting' or offbeat for me to know! Our job is to fit what you love and what makes you you into your desired style.

THANK YOU. WE ARE EXCITED TO BE WORKING TOGETHER!
